Intermediate	**Sri Chaitanya Junior College**	**2023**	**96.1**
SSC	**Narayana EM school**	**2021**	**99.5**

INTERNSHIP

NIT Warangal | Intern | Quantum Computing and Image Processing **May 2025 – July 2025**

- Worked as intern on Quantum Image Processing
- Gained experience with Image Processing with Python and Qiskit for Quantum Image Processing
- Exposed to hybrid quantum classical approaches for Image Processing

SKILL SET

- **Programming Languages** : Python, Java
- **Frontend Development** : HTML, CSS, JavaScript
- **Developer Tools** : VS Code, Cursor, Canva, Git, GitHub
- **Deployment & Hosting** : Netlify
- **Developer Tools** : OOPS, Data Structures & Algorithm
- **Familiar** : AI & Data Science
- **Soft Skills** : Adaptability, Teamwork, Communication, Leadership, Problem Solving

PROJECTS

Smart Heal | Python + AI

- Developed an **AI-powered health assistant** that predicts diseases based on user symptoms using machine learning
- Demonstrated end-to-end pipeline including data preprocessing, model training, and interactive **UI integration**
- A practical and intuitive project that showcases applied **data science** in the **healthcare domain**

Quantum Warrior | Qiskit + Python

- Designed an interactive quantum-themed game leveraging **Qiskit**, simulating quantum principles in a gamified environment
- Implemented basic **quantum gates and measurement logic** to introduce players to foundational quantum computing concepts
- A **creative and educational project** bridging quantum mechanics with game development for intuitive learning

ACHIEVEMENTS & CERTIFICATIONS

- **Google Arcade Winner:** Won **Swag gifts(Coffee mug, pen, bag & T-shirt)** from **Google** Cloud Arcade
- Stood in **Top 10 position** in **IIIT-Nuzvid National Hackathon**
- **Infosys Certification :** Python Fundamentals | Mastering Python
- **Salesforce Certification :** Salesforce Certified Agent Force Specialist
